## HD Supply Waterworks drivers take first and third place in HD Supply's 2<sup>nd</sup> Annual Driver Competition

HDS Waterworks drivers from each of the company's six regions and its Fire Protection division, competed in HD Supply's Second Annual Driver of the Year Championship. The competition included the best drivers from our sister business units within HD Supply -- Facilities Maintenance and HD Supply Construction & Industrial - White Cap. Drivers were scored, by a third-party, in four areas, 1) a written test, 2) a driving and safety skills test (Rodeo), 3) pre-trip inspection and 4) a cargo securement test. The event was held in mid-April at the HD Supply corporate headquarters in Atlanta.

*David Kroviak, first on the left is the third place winner; Justin Sleeth, third from the left was the first place winner*

The Waterworks drivers took home first and third place in the overall competition! The top driver was **Justin Sleeth** from Waterworks in Grimes, IA and in third place was **David Kroviak** from the Waterworks branch in Utica, NY. Here's the list of all of the participating Waterworks drivers and placements:
